THE HOMEOPATHIC HOSPITAL.

Donations to Be Received at the

The report of the National Homeopathic Hospital for the fiscal year ending June 30, 1895, recently submitted to the superintendent of charities, states the hospital buildings to be in fine condition since the completion of the extensive improvements and repairs begun in the early part of the year, and to be well adapted for their purposes. The hospital has been painted throughout, both outside and inside, and many of the rooms have been entirely refurnished, modern and the most approved furniture for hospital uses taking the place

of more antiquated styles. In all cases this has been done by charitable individuals or organizations.

The credit for the excellent condition that the hospital buildings are now in a almost wholly due to the very efficient auxiliary organizations, known as the Ladies' Aid and the Nordhoff Guild, which have raised most of the money for recent have raised most of the money for recent

The number of patients treated in the hospital proper during the year was 45%, of whom 163 were pay and 295 free patients. In the out departments 5,500 patients were treated, nearly one-third of them requiring surgical attention. Formerly, and until a comparatively recomthem requiring surgical attention. Formerly, and until a comparatively recent period surgery did not cut much of a figure in the work of this hospital, but is now its leading characteristic. The hospital has a well established and a wide reputation for the excellence of its work in this line. The training school for nurses established two years ago is in a flourishing condition, and its marked success is due largely to the careful and thorough work by the present superintendent.

Thanksgiving day is "Donation" day at this hospital, and contributions of money or donations of articles appropriate for hospital use, such as canned goods, jellies,

in the District. The establishment of a grand commandery for the District of Knights Templar was practically settled last evening at a meeting of De Molay Mounted Commandery, when t was decided by vote to favor the organization of such a body andito send delegates to it when established. Columbia and Orient commanderies had already indorsed the proposition and agreed to send delegates to a convention of representatives from the several commanderies of the District. As it was generally known that if De Molay voted favorably the grand commandery was assured, a great deal of interest attached to lest night's meeting. It is generally thought that the remaining commanderies in the District will follow a similar line of action. The establishment of a grand commandery here will probably have considerable bearing on the proposition to erect a building in this city as a permanent home for the order and to hold all the triennial conclaves in this city instead of moving about from city to city. vas generally known that if De Molay voted
